

Z-PLATE®

ZINC-RICH GALVANISING COATING AEROSOL

DESCRIPTION

Z-PLATE provides the protection of hot-dip galvanising plus the convenience of on-the-job aerosol application.

Z-PLATE, when dry, contains 80% pure Zinc in a high strength acrylic resin binder to provide a tenacious surface that provides full galvanic protection against rust and corrosion.

Z-PLATE may be used indoors or outdoors on steelwork and requires no surface preparation under normal circumstances. On surfaces that have experienced severe rust formation, all loose scale should be removed and the area to be treated should be wire-brushed prior to application
